DEDICATION

DR. JOHN J. SALLEY

Dean

University of Maryland

School of Dentistry

In this day of student unrest and faculty aloofness, it is a pleasure to know an educational administrator who is a champion of close student-faculty relations. His door is always open; and no matter how busy his demanding job may make him, he is never too busy to talk with students. His insistence that the faculty be easily approached by the students is the reason the Senior Class of 1970 dedicates this yearbook to Dr. John J. Salley, *Dean*.

Honorary Senior Class President

DR. WILBUR O. RAMSEY

PROFESSOR AND HEAD

DEPARTMENT OF RESTORATIVE DENTISTRY

Dr. Wilbur O. Ramsey, during our four years at B.C.D.S., has been an inspiration and faithful guide to us. The organization of a clinical curriculum which is geared to modern-day dentistry and designed to most fully train a student in total dental care has been his unceasing endeavor. His concern for the student, unselfish desire to transfuse his wealth of knowledge to us, and dedication to the profession single out Dr. Ramsey in the eyes of the Senior Class.

As an expression of our appreciation, we have chosen Dr. Wilbur O. Ramsey as the Honorary President of the Class of 1970.

THAT YOU MAY KNOW US BETTER

Four years have passed since 100 "green" freshmen first sauntered through the something less than modern halls of B.C.D.S. Now, time worn and weary, at the average age of 25.4 years, we emerge as the last of 40 classes to graduate from the Dental School on Lombard and Greene Streets.

Approaching graduation, our lines will average 5'10½" and a trim 167 lbs. We must admit a weight increase of 3.7 lbs. over the past 4 years; but considering our 2.9 years of happy marriage, which 61% of us have enjoyed, and home-cooked meals, that's not too terribly neglectful. Our single members may be a bit trimmer due mainly to T.V. dinners necessitated by an average of 2 costly dates per week.

The car payments on our 1966 model are almost finished; but the rising cost of bourbon, our favorite drink, has kept us from financial stability. Tuition has increased from $450 to $650 for state residents and from $900 to $1,150 for out-of-staters. In the face of this rise and our average income of $5,100, our parents, of whom only 28% are college grads, managed to pay 34% of our educational expenses. A large part of the remaining 66% can be expected to be owed to someone else. In order to finance our education, 93.5% of us have some type of loan with the average repayment principal in the neighborhood of $4,370. Scholarships have also aided some 71% of our class with an average of $1,200.

While in dental school, 75% of us thought our training was adequate with the strong points being Anatomy and Removable Prosthodontics. Microbiology, Fixed Prosthodontics, and Operative Dentistry left something to be desired.

Knowing four years ago what we know now would only have persuaded 19% of our ranks to pursue another career.

As in any class, we have our special likes and dislikes. Of the graduating class, 75% would like to enter into group practices. Concerning attire, 84% of us wear jocky shorts; this, of course, excludes Miss Miginsky who refuses to comment. Our favorite spot in Baltimore seems to be bed, and our overwhelmingly favorite clinical assignment is Oral Surgery.

This is the Class of 1970, for better or worse but, none the less, *us!*

SENIOR CLASS REFLECTIONS

The title "Doctor of Dental Surgery" had been conferred upon 8,287 graduates of the University of Maryland, School of Dentistry by September, 1969. The Class of 1970 hopes to add 95 more to this list in June.

During our four years the Baltimore College of Dental Surgery has been a dynamic institution. Changes have included the termination and reinstitution of the requirement system; the use of the title "Doctor" when addressing students in the clinic; the growth of a greater student-faculty rapport through coffee hours, lunches with the Dean, and the annual picnic; and the advent of a school newspaper, *The Reflector*. We have presented skits entitled "The Johnny Salley Show," "It's a Long, Long Way to Mend-a-Carie," and "All's Quiet on West Lombard Street."

We have seen riots, snow storms, a bus strike, patient cancellations, Charlie Eckman, and some of the world's best athletic teams. We have studied together, partied together, and stood together to achieve progressive change in dental education.

We will soon receive our dental degrees and go forth to achieve a high plateau in the profession. We feel that we have left the B.C.D.S. at least a little better than we found it. This is our yearbook, presenting the Class of 1970; and we publish it to commemorate four memorable and fulfilling years.

FACULTY HONOR ROLL

We of the Class of 1970 feel that our yearbook would not be complete without our naming several instructors who have made this educational experience both rewarding and enjoyable.

These men represent, in our view, the epitome of the teaching profession. They have always been available whenever we needed them, and they have never failed to share their knowledge and experience with us, neophytes of the dental profession.

These outstanding men are:

DR. STANLEY H. DOSH – Crown and Bridge

DR. S. JOHN CHELLEMI – Oral Diagnosis

DR. JOSÉ H. DIAZ – Operative Dentistry

DR. WILLIAM B. FINAGIN – Crown and Bridge

DR. JAMES E. FLEMING – Pedodontics

DR. ROBERT W. GARRETT – Operative Dentistry

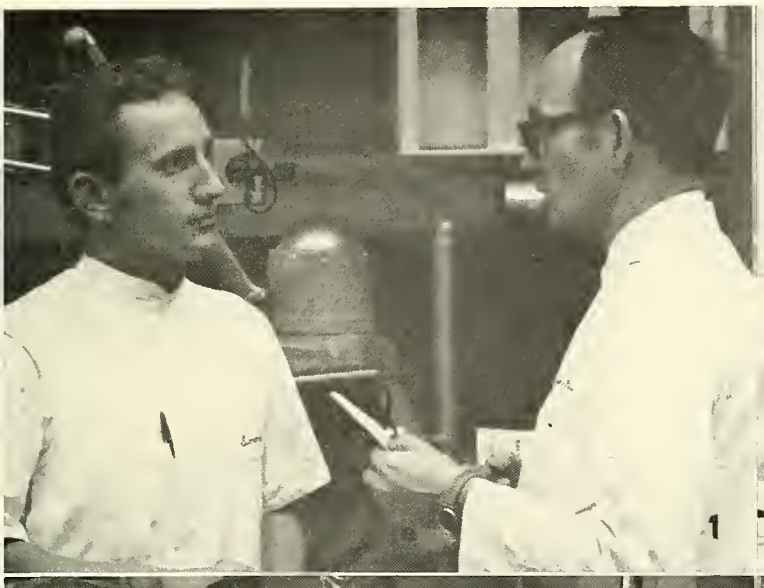
DR. JOHN F. HASLER – Oral Diagnosis

DR. MARK L. WAGNER – Pedodontics

THE SENIORS

1. Teaching is a great profession!
2. We'll write something inside the palate and call it an "Indian fortune cookie."
3. And then I said, "Say Mishishippee."
4. Pressing here leaves the patient helpless.
5. You mean you really want a grade on this?
6. So that's a Canadian Club preparation?

THE SENIORS



1. If we had more good farm boys like us around here . . .
2. It's called the Chinese stare torture.
3. Look lady, if you think *your* teeth are sore, look at this.
4. This darby works especially well on the cuticles.
5. You've got to be kidding—*you* want to teach?
6. Oh Boy—clean socks again.

THE SENIORS

1. I still say the Orioles are better than the Mets.
2. No, No, Doctor—the prep is over here.
3. I still say I got the block on the first try.
4. Paul Masterson—1969.
5. I don't care what you are; I don't like to use a dam.
6. They said this was a hand warmer.

This was it! The big shock arrived. We learned that when we worked from the back of our "endoforms with charts," they screamed in pain.

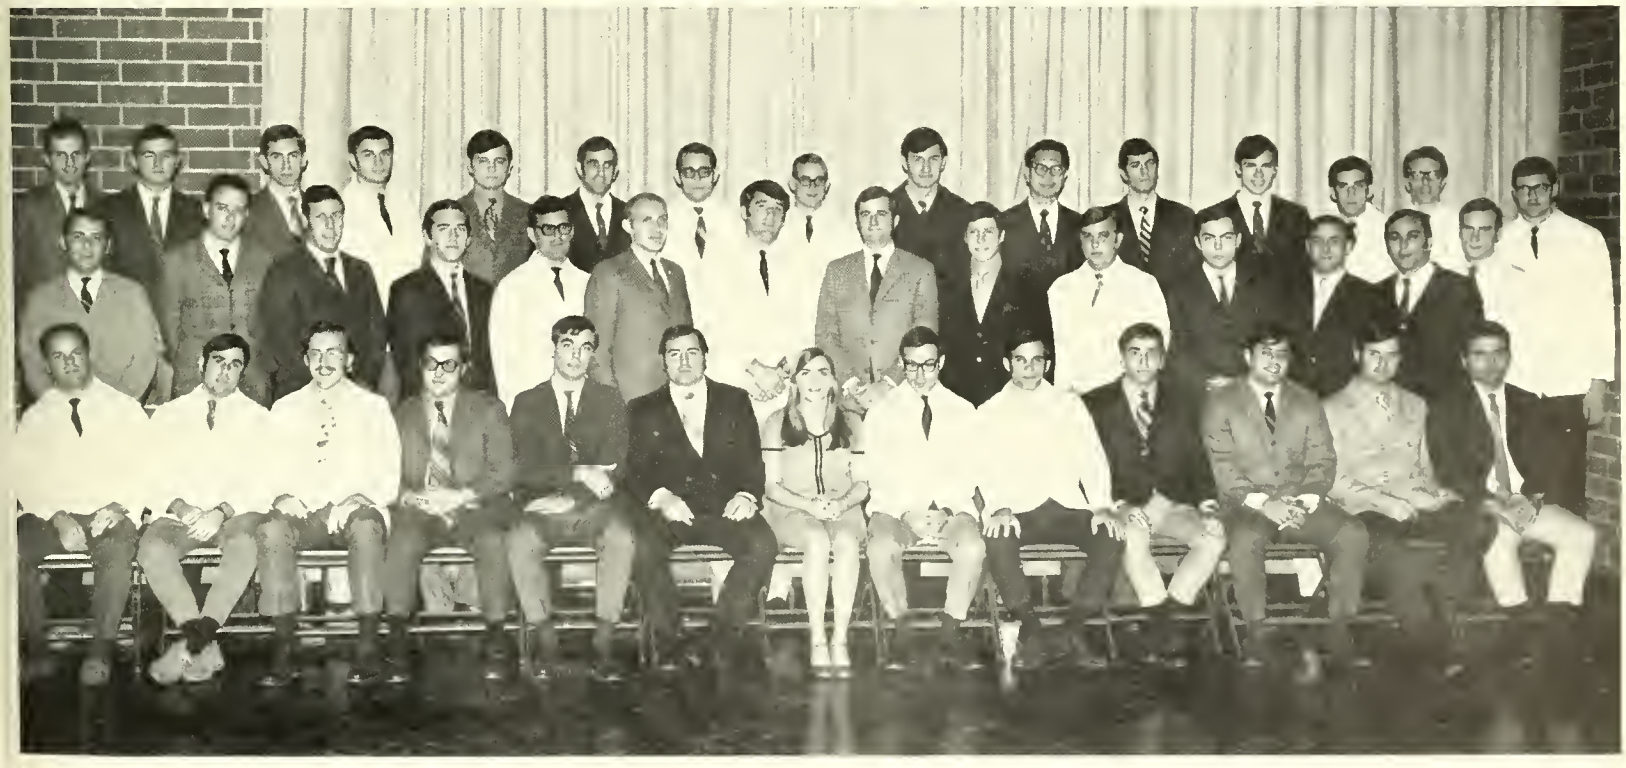
But, after many exposures of screws, gold foils held in by Elmer's, and a fortune spent on ivorine teeth, we were finally allowed to practice on the real thing.

We look forward to the senior year hoping to get *much* more accomplished and to preparing ourselves for the "outside."

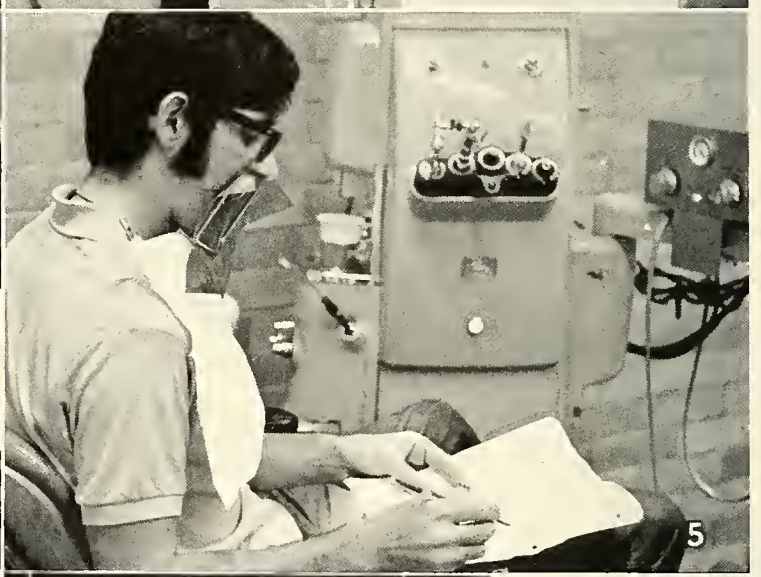
First Row: Dolan, Gore, Gunderson, J. Cohen, Biars, Kaplis, Gildenhorn, Kassolis, Kossak, Bishop, Ettlin, Jones.
Second Row: Cottrell, V. Cohen, Blank, Boyce, Gottehrer, Kroe, Koch, Echols, Bresonis, Fields, Garrott.
Last Row: Brown, DeCarlo, Clayman, Krause, Berg, DiSalvo, Hepner, Gold, Abramson.

THE JUNIORS

First Row: Thompson, Ricardo, McGonigle, Turner, Spaulding, Tessler, Sitzamer, Rosen, Walpert, Rogers, Levine, Stiller, Silberman.
Second Row: Pino, Ostroff, Theobald, Mallek, Schopler, Oryshkevych, McConnaughey, Little, Rosenberg, Verbos, Waldron, Weiner, Slott, Moody.
Last Row:: Nelson, Sohr, Phillippy, Tribull, Robertson, Zovickian, Zinn, Reinhardt, Skupas, Reyes, Galbo, Smith, Lerner, Warnick, Myers.

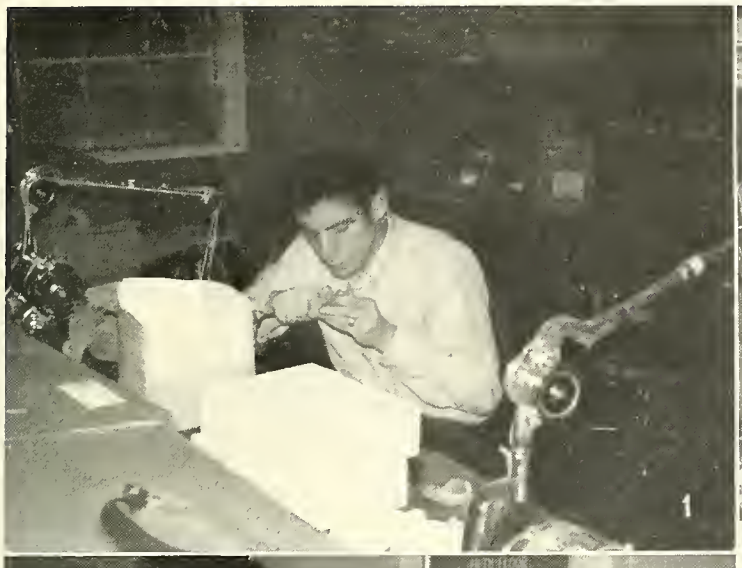


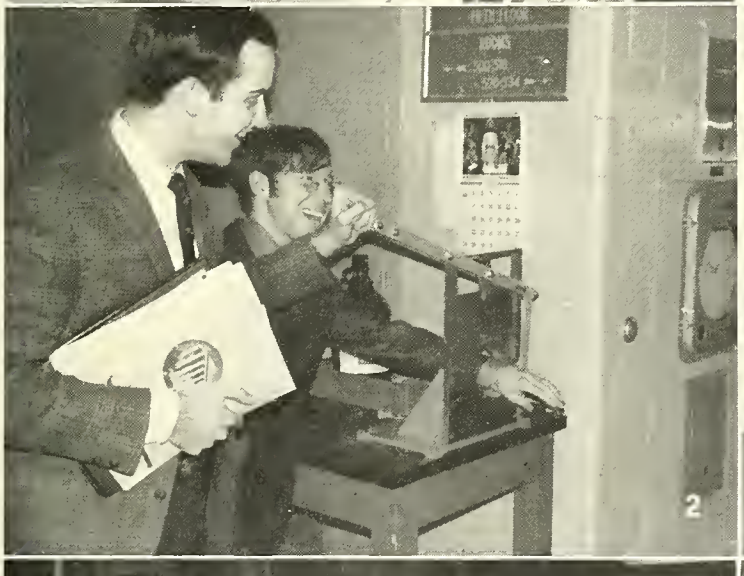
THE JUNIORS



1. Don't feel bad, I show the students how to adapt bands too.
2. Please let go of my fingers, Ma'am.
3. But I want a Perio appointment, not a date.
4. Really, it's not a loaded gun.
5. Help me—I'm trapped behind this dam by a mad dental student.
6. I'm a professional man.

THE JUNIORS





1. Boy, with my hands I'd cut myself with an electric shaver.
2. Why is this man laughing?
3. No, that wasn't decay . . . it was the pulp.
4. I wanted an impression of your teeth—not your nose.
5. Robert!
6. Maybe I should try the charm business!

Section B Representative ..... MARTIN D. SIEGEL

Historian ..... GARY A. KAPLAN

This was the year of bugs, dogs, and Semantics (BDS). Following a year of dental training, we learned this year how to be lab technicians.

We felt relief at the successful completion of our freshman year and anxiety at the completion of this year. No longer will there be an opportunity to buy a new tooth because of an "exposure."

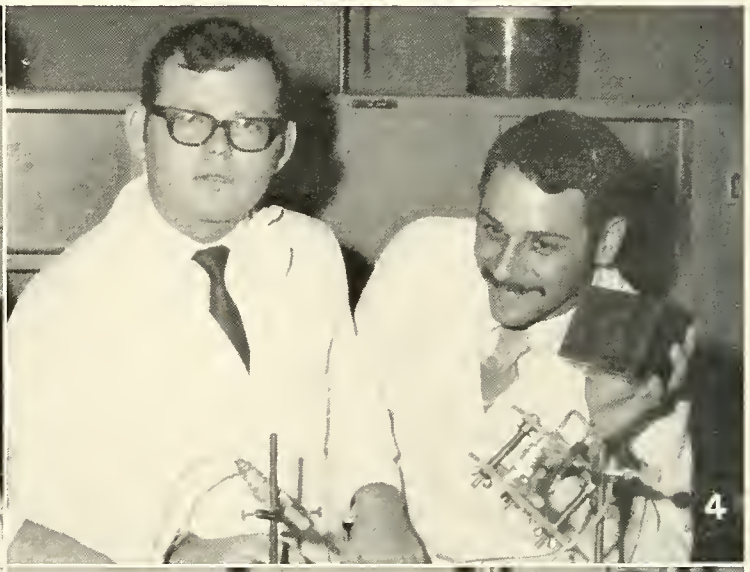
The Class of 1972 looks forward to being able to test its newly developed dental expertise in the clinic. *Dominus Vobiscum.*

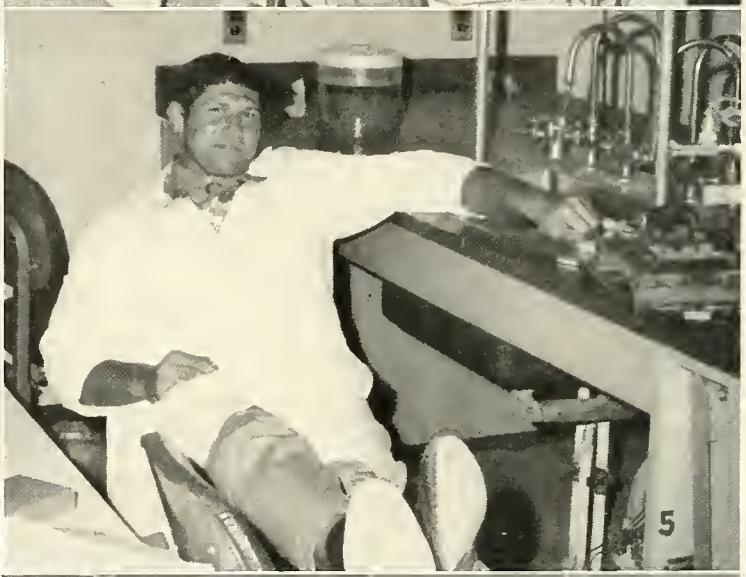
First Row: Dye, Bauer, Agnini, Goodman, Blood, Detrich, Coseo, Broadrup.
Second Row: Dorr, Braun, D. Jackson, Hovland, Grumbach, Bowles, Fine, Danenberg, Blevins, Cooper, Bloom.
Third Row: Forwood, Feldman, Burk, Flynn, Faber, Hemler, Fletcher, Chioariu, Diamond, Floyd, Goloskov, Gingell.
Last Row: Housaman, Davis, Gurney, Berger, Edelman, Aumiller, Berryman, Fields, Ferguson, Hoffman, Bohaker, Bigham.

THE SOPHOMORES

First Row: Maddox, Nowakowski, McAllister, Kay, L. Kaplan, Rosenbloom, Siegel, Richards, Quinn, Mrazik, Proenza, Moskowitz.
Second Row: Milleson, L. Rosenthal, Linsey, Kimmel, Robbins, Wachuk, Pelczar, Pelletier, Meloy, White, Weinberg, Tilgner, Kaminski, G. Kaplan.
Last Row: Willis, Lewis, Tapia, Lebowitz, Sindall, Vine, Katzen, Schwartz, Jones, Zipkis, Winn, Yeoumans, M. Jackson.

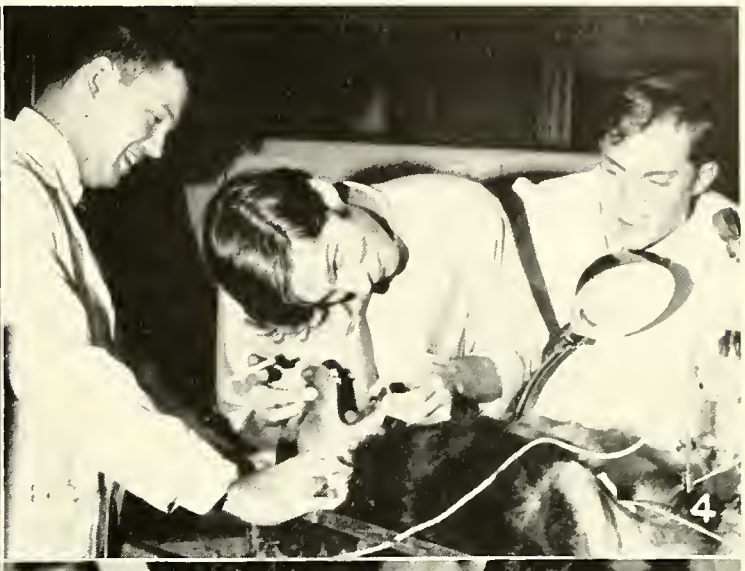
THE SOPHOMORES

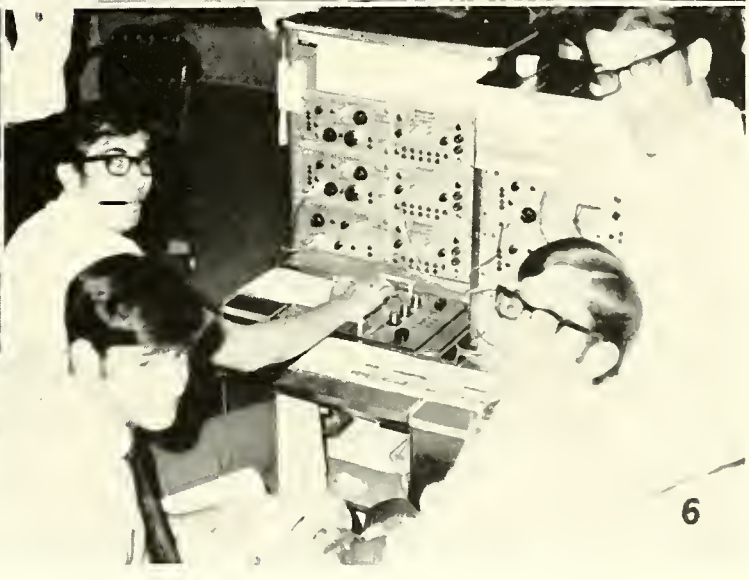




1. A little more off the top should do it.
2. It doesn't taste like chocolate.
3. What'll you have, cherry, vanilla, pistachio?
4. Mets—5, Orioles—3, Physio Lab—0.
5. It's more fun playing catch-up.
6. And this is my Mickey Mouse watch I bought at Disneyland.

THE SOPHOMORES





1. Just think, Dental School is 28.571% over.
2. You can pick your friends, and you can pick your nose; but you can't pick your friend's nose.
3. Several slides were purchased at this store on the Block.
4. I know my scalpel is in there somewhere.
5. If I hold my breath I won't get any of those nasty germs.
6. It just picked the Frog as my perfect date.

Secretary ..... HOWARD A. LEVINSON
Treasurer ..... MICHAEL E. ANDERSON
Section A Representative ..... D. LANCE HEDSTROM
Section B Representative ..... LAWRENCE M. ROSEN

The Class of 1973 represents the individualistic and progressive type of college graduate of today. Its academic and social accomplishments have been outstanding.

This class is the "new future" of the dental profession and will have an excellent chance to shape itself and the new Dental School.

First Row: Hedstrom, Ippolito, Keeler, Holmes, Brewer, Koenig, Graham, Keyes, Butler, Davenport.
Second Row: Dempsey, Hollinger, Kassolis, Bartro, Kelly, Lamb, O Jones, Bray, Kasperowski, Bers, Civjan, Cohen, Baguhn, Drecksler.

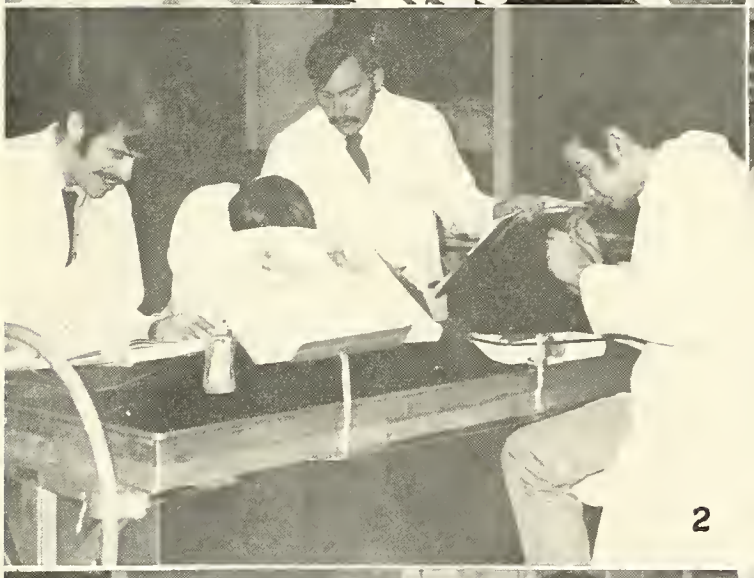
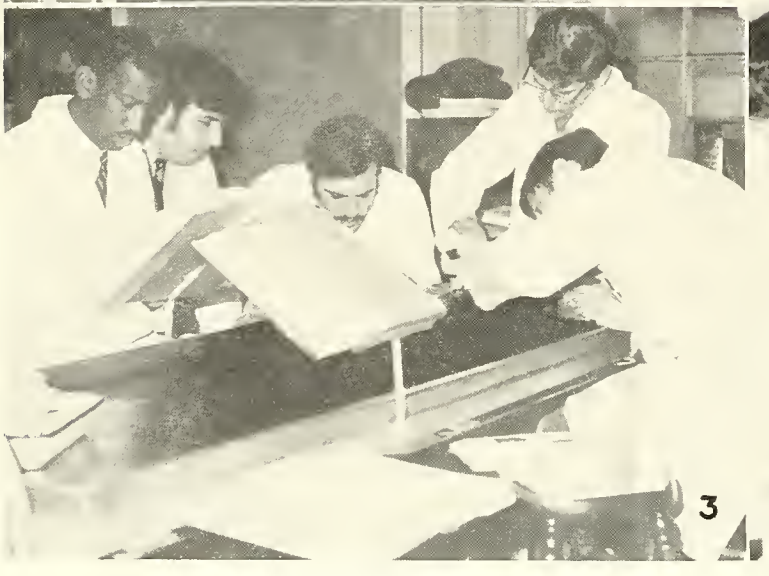
Last Row: Stang, Murphy, Taylor, Schutze, Wright, Wells, Whalen, Rohter, Prince, Shofnos, Wilbur, Milhauser, Rudacille, Zalucky.

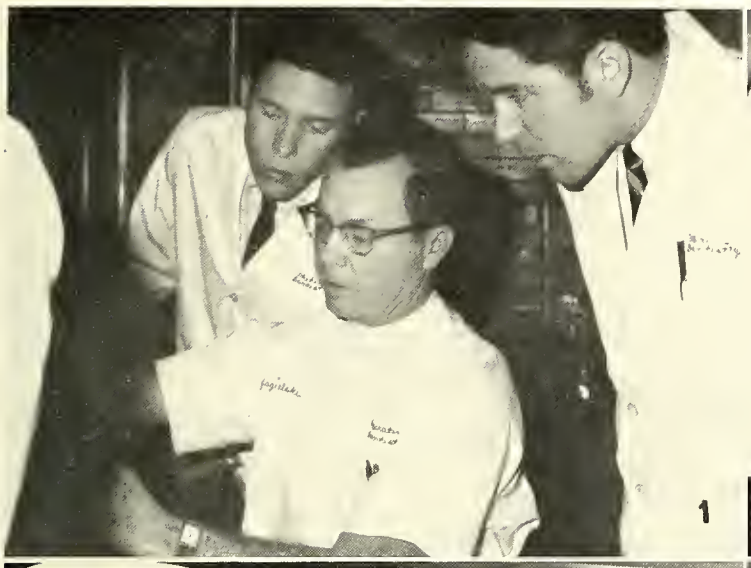
THE FRESHMEN

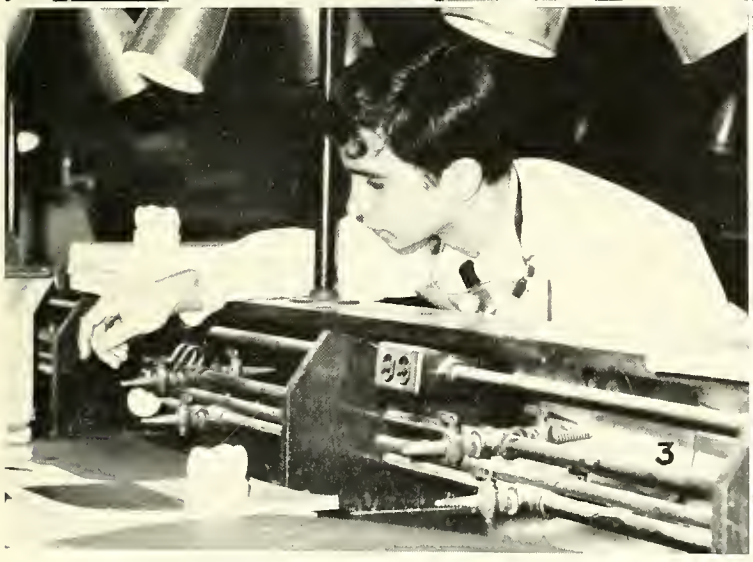




1. That's a piece of dust, Dummy!
2. Add two tablespoons of salt, . . .
3. The leg has got to be here somewhere.
4. Put two on "Anatomy" in the fourth race.
5. More about that later.
6. Requias in pace.

THE FRESHMEN





1. Well, no, we don't use wax in *real* dentistry, but . . .
2. So that's what an epithelial cell looks like.
3. I'll just switch teeth with this guy's dentoform and *then* get graded.
4. Don't blow on that tooth, Pal!
5. You've got to be kidding . . . a gold foil prep???
6. Yes, G. V. Black was sort of like Confuscius.

The University of Maryland Student Dental Association activity this year has again been concerned with the problem of student-faculty relations. Lunches with the Dean, coffee hours with the Faculty, and easily accessible channels of communication with the Administration have been firmly established. This year the first annual Student-Faculty Christmas Cocktail Party was held. The affair was a tremendous success and showed the way for future endeavors.

The Code of Ethics, drawn up last year, has now been approved by the student body. It went into effect in January, 1970. The passing of the Code of Ethics looms as the most distinct accomplishment of the U.M.S.D.A. to date.

This year's faculty advisors are Dr. Frank C. Jerbi, Professional Advisor and Dr. Joseph C. Biddix, Jr., Financial Advisor.

Gorgas Odontological Society

The Gorgas Odontological Society is an honorary scholastic organization founded in 1916. The society was named in honor of Dr. Ferdinand J. S. Gorgas, an alumnus and leading contributor to dental education and literature.

Membership in the society may be achieved in either the junior or senior year by maintaining a "B" average and being in the top third of one's class.

Meetings afford members educational benefits beyond the outlined dental school curriculum through the presentation of guest speakers. Each year senior members receive a key and a certificate at the spring formal.

Gamma Pi Delta

Gamma Pi Delta is an honorary student organization with scholarship and interest in the field of prosthetic dentistry as a basis for admission. The society was chartered in 1965 in honor of Dr. Grayson W. Gaver, a man who loved and dedicated his life to prosthetic dentistry.

The object of the society is to advance knowledge in prosthetic dentistry through lectures and table clinics for those who show proficiency and special interest.

Faculty advisors to the organization are Dr. Errol L. Reese and Dr. Dean C. Johnson.

Aisenberg Research Society

The Aisenberg Research Society was founded on the belief that stimulating interest in dental research is necessary to the growth of our profession. Membership is drawn from students with previous research experience, especially in summer dental research, and those who show interest by giving scientific presentations.

The program is concerned with promoting student interest in table clinic presentations. This includes the Baltimore Campus as well as local, state, and regional dental meetings. This program also provides an area in which students may gain valuable experience in the basic sciences or clinical presentations, exchange ideas with other students and practitioners, and broaden the base of his general dental knowledge. The Faculty Advisor is Dr. Frank M. Ganis.

American Society of Dentistry for Children

The Maryland Student Branch of the American Society of Dentistry for Children was founded in December, 1968. Its purposes are to create an interest in dental procedures in children, to enhance the ability of the general practitioner in his work with children, and to stimulate interest in Pedodontics as a specialty. These purposes are fulfilled by means of discussions with general practitioners and specialists from the Baltimore-Washington area. Faculty Advisors are Dr. Donald J. Forrester and Dr. Mark L. Wagner.

Diagnosis Study Club

The Diagnosis Study Club, newly founded this year, has as its goal the continuing education of our student body in the diseases of the oral cavity and oral manifestations of systemic diseases. Periodic meetings are held to discuss topics of interest, show slides, and present guests learned in the field of Oral Diagnosis. Through this it is hoped the student may gain greater insight into his part in the total health scheme. Faculty Advisors are Dr. S. John Chellemi and Dr. John F. Hasler.

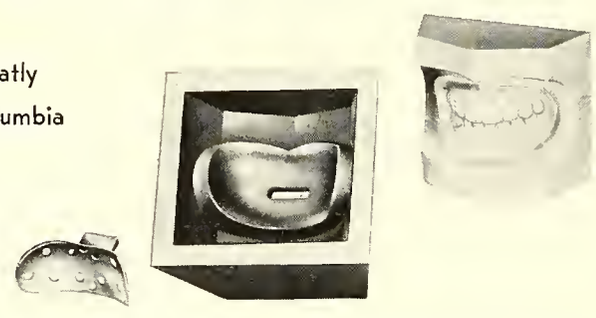
Anterior-Bite Models Made Neatly and Quickly with the NEW Columbia Anterior-Bite Model Former . . .

Ideal for making models for pre-extraction records for immediate or permanent dentures.



- A special anterior impression tray takes impressions of both upper and lower together; no need for separate impressions.
- Impression tray is then pressed into slot in the flexible rubber model former. With one pouring of plaster or stone a neat, sharply-outlined model of the anterior bite . . . in one piece . . . is easily produced.

Neat, presentable models of the anterior bite are also advantageous in a "before-and-after" demonstration to the patient.

Order today this anterior-bite model former with one tray—Cat. No. 903—$8.50
Extra trays $1.75 each

FOR BLENDABLE COLORS AS NATURAL AS NATURE'S

Variations in color characterize natural teeth. Only Polychrome, Univac and Verident tooth colors are specially formulated to blend as do natural teeth—harmoniously with each other and with vital teeth. To create patient-pleasing full and partial dentures that truly simulate nature's color variations, you can be sure with Polychrome in porcelain or plastic—and when indicated, interblended with Univac Porcelain or Verident Plastic Anteriors.

To simulate the natural tooth-color variation of a dentition, specify characterized POLYCHROME, porcelain or plastic, and non-characterized UNIVAC® porcelain and VERIDENT® plastic teeth.

Bioblend® Teeth make any denture look more natural.

Bone-like enamel. Wrap around translucency. Internally blended color. These are just a few of the esthetic refinements which distinguish Bioblend from all other artificial teeth. The result: Bioblend Teeth are now being used more often for complete dentures than any other teeth in the world. *Any other!*

Available in porcelain or plastic.

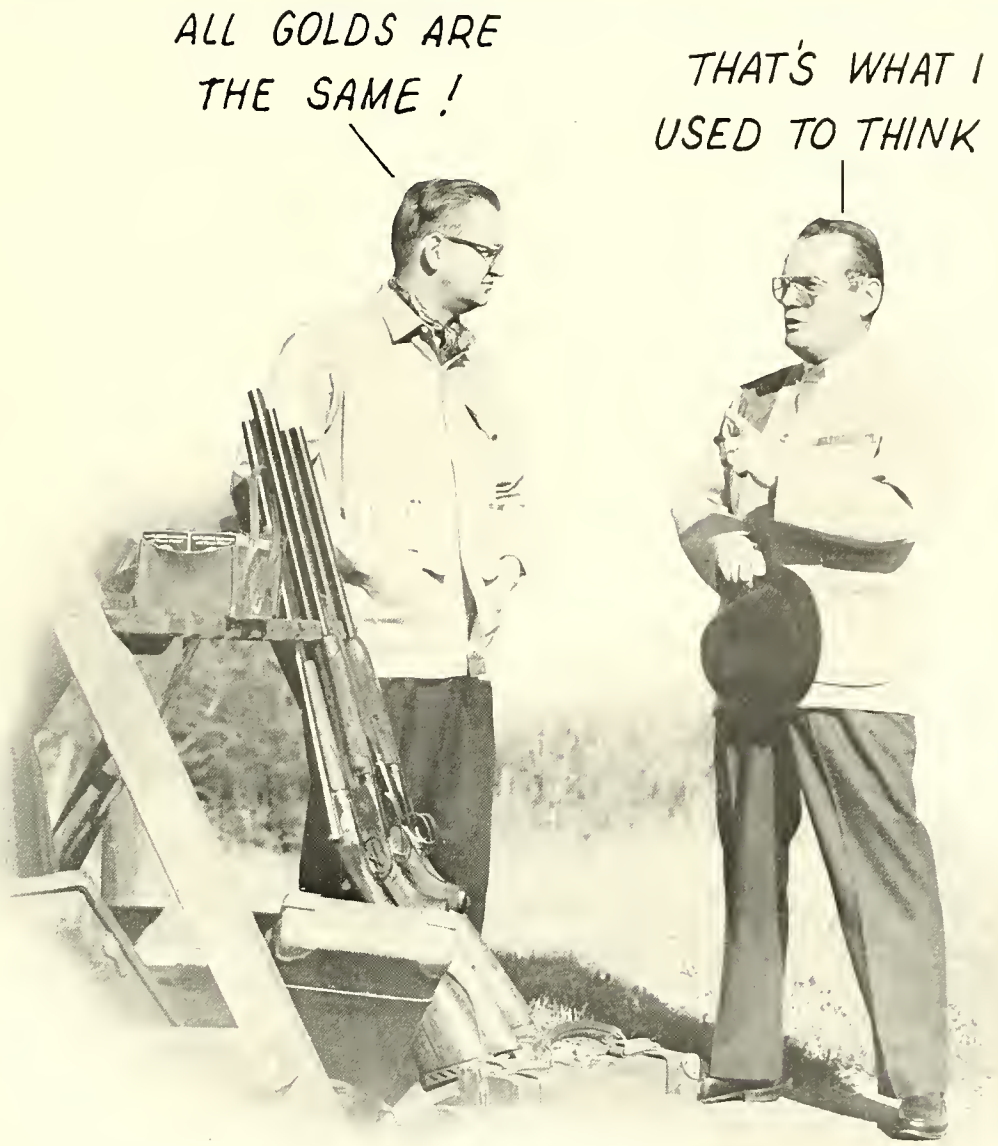
HUTZLER'S



"Like you, I thought all dental golds were pretty much the same, but I found great differences, particularly when I began using Ney micro-grain golds. They cast better, finish better, and have better marginal strength because of the tiny grain size.

"I think my time is worth too much to compromise with materials or equipment that might downgrade my best efforts—That's why I'm so fussy about the gold I specify. There is a difference!"

For that difference why not specify Ney? Then you're sure — in good company. the J.M.Ney company
